Total no. of visits in Lakhimpur District including all Blocks

Sl. No.	Name of the Activities	No. of visit	Remarks
1	Visited to S/C & AWC/ MPH/ BPH/ TGH	10	Including all the block of Lakhimpur
2	Attended VHND	3	Including all the block of Lakhimpur
3	Attended block level convergence meeting	3	Including all the block of Lakhimpur
4	Total=	16	Including all the block of Lakhimpur
5	Total no visit in February & March=	73	In Lakhimpur District

A three day residential state level workshop cum training was held on CAH under NHM for the members of District Co-ordinator in presence of Zonal Co-ordinator of Zone 3, 4, 5 & 6 of scorpion & RWUA. This program was organised and trained by Voluntary Health Association of Assam, State Nodal Agency of Assam along with members of AGCA of NHM. Members DPM, DCM of some districts were also presented. This training was held at NEDFS, Joypur, Kharguli, Guwahati (Assam) from 20th of Feb to 22th of Feb 2016.

On 20th of Feb I have joined officially as a District Co-ordinator of Lakhimpur District and on the same day all the Block Facilitator of Dhakuakhana, Ghilamara, Boginadi, Nowboicha, Bhipuria & Dholpur block were also joined. On 24th of Feb I met all Block Facilitator of Lakhimpur District and discussed about over all view and their responsibilities in the CAH program.

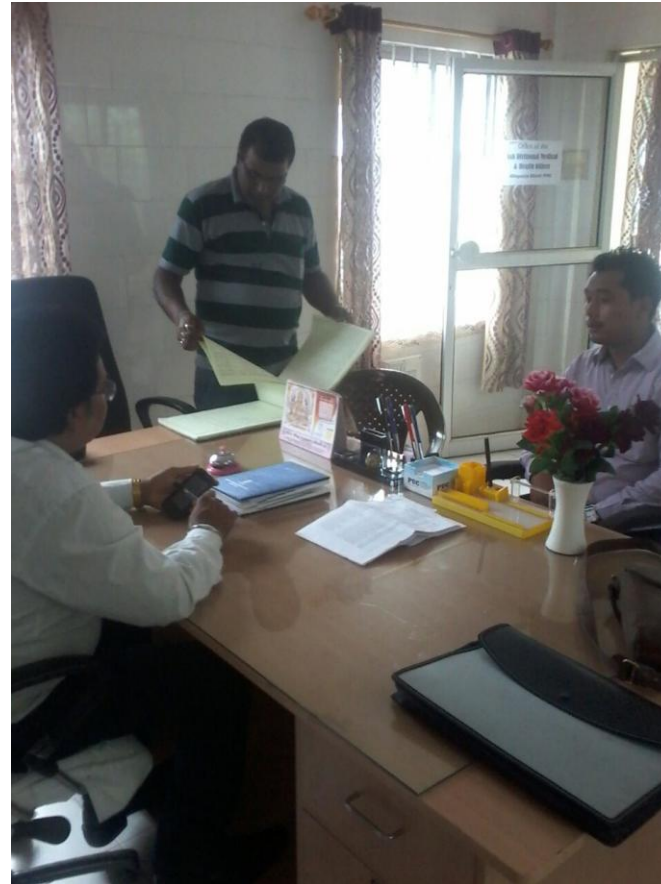

After taking responsibility as a district co-ordinator of Lakhimpur with my team started to plan how to execute it with our ideas and best possible way to serve the community of each blocks in all villages regarding CAH. Most of my team are young, energetic and new in this field, but they learnt in every steps and execute it. We all got lots of responds and support from SD & MO, ASHA, ASHA Supervisors, DPM, DCM, BPM & BCM of every blocks and also they assure they will help us every possible way for smooth running of CHA.

In the field level I and Block facilitator faced lots of problem, in communication and also in transportation as most of the places are in remote area. Once I visited Bordoibam S/C and attained MCP and there I found a tea garden pregnant woman was ashamed and when ANM of that S/C informed that she had hide her pregnancy for than a month. I called the ASHA of the area and said her to motivate the pregnant lady and aware her the importance of ANC.

During this two month of my experience in this field was fantastic though I faced lots of hurdles. Yet lots of problem may arise in coming days, I will always ready to serve the community with my team in this field.

Zonal training of CAH Team for Lakhimpur & Dhemaji Districts
